Dear colleagues,

we are coming to you with invitation to the 25th anniversary colloquium and with appeal for preparation of expert contribution related to discussed topics. We also kindly ask you for expressing your interest concerning your participation at this colloquium.

Main colloquium topics

- ✂ Application of new technologies and materials to increase the safety and to remove troubles and accidents in underground construction and mining
- ✂ Application of new materials and technologies for stabilization of mine working in severe exposure and big depth (anchoring and bolting, new materials for building of road pack wall, combined reinforcement, safety dams etc.)
- ✂ New findings in area of materials and technologies for reinforcement and sealing of rock mass and engineering constructions
- ✂ Experience from realization in area of mining, underground and civil engineering
- ✂ Development of technologies for reinforcement and sealing of rock and rock mass
- ✂ Problems of stabilization measures during execution of underground constructions
- ✂ Sealing of underground constructions and water proofing insulation
- ✂ Solving of geotechnical tasks in practice

Appeal

In case of interest to register paper for publication in colloquium proceedings, we kindly ask for notifying us with name of article and short abstract till 31. 12. 2019 to colloquium secretariat e-mail address hana.sedlarova@vsb.cz or through registration form available from colloquium website. *Paper registration >>*

Instruction for preparation of papers are in attachment of this mail invitation, template of paper can be downloaded here:

[https://www.fast.vsb.cz/./partnership/conferences/ >>](https://www.fast.vsb.cz/./partnership/conferences/)

Registration

For registration please use form available from colloquium website. When paying the participation fee by bank transfer, enter your name, surname and company name in the message for the payee.

Colloquium registration >>

Deadlines

Submitting paper annotation	31. 12. 2019
Submitting final paper	14. 02. 2020
Registration term	28. 02. 2020

Participation fee

Colloquium fee for participation is 130 EUR. Fee includes participation, lunch on 05. 03. 2020, coffee break refreshments and printed proceedings.

*doc. RNDr. Eva Hrubešová, Ph.D.
Dipl. - Eng. Petr Kučera
