

Doctoral Thesis 2023/2024

### Doctoral programme – Geotechnics and Underground Engineering

No.	Supervisor	Thesis
1	doc. RNDr. Eva Hruběšová, Ph.D.	Rock walls stability
2	doc. RNDr. Eva Hruběšová, Ph.D.	Modelling Approaches to the Assessment of Unsaturated Slope Behaviour
3	doc. Ing. Karel Vojtasík, CSc.	The behavior of reinforced soil in the constructions of transport infrastructure
4	doc. Ing. Karel Vojtasík, CSc.	Methods of soil treatment in geotechnical structures of transport infrastructure
